Technical Presentation Evaluation Process:

- The presentation with the highest technical marks (as allotted by the Evaluation Committee) shall be given a score of 100 (Hundred) and other proposals be given technical score that are proportional to their marks w.r.t. the highest technical marks.
- The bidders **securing a minimum of 70% marks** will qualify in the technical evaluation round.

Financial Evaluation Process:

- After the technical evaluation is completed, financial bid of the qualified bidders shall be opened.
- Financial proposals of only those bidders will be evaluated, who secure a minimum of 70% marks in the technical evaluation. The proposal with the lowest total bid value as given in FORM FINANCIAL shall be given a financial score of 100 and other proposals given financial scores that are inversely proportional to their total bid value.

Combined Evaluation Process : Combined Evaluation

- The combined score shall be obtained by weighing the technical and financial scores in the ratio of 70:30 and adding them up. On the basis of combined weighted score for technical and financial, the bidders shall be ranked in terms of total score obtained.
- The proposal obtaining the highest combined score in evaluation will be ranked as H-1 followed by the proposals securing lesser marks as H2, H3, etc. The bidder securing the highest Combined marks will be considered for award of the contract.

Example:

As an example, the following procedure will be followed. The minimum qualifying marks for technical qualifications are 70 and the weightage of the technical bids and financial bids is kept as 70:30. Assuming that in response to the RFP, 3 proposals, A, B & C are received. The Technical Evaluation Committee awards them 75, 80, and 90 marks respectively. The proposal with the highest technical marks (as allotted by the Evaluation Committee) shall be given a score of 100 (Hundred) and other proposals be given technical score that are proportional to their marks w.r.t. the highest technical marks. Bidders securing 70% marks in this process will be deemed as technically suitable and their financial proposals will be opened after notifying the date and time of bid opening to the successful participants. Assuming that the Evaluation Committee examines the financial proposals and the quoted total bid values are as under:

Proposal Total Bid Value

A: Rs.120

B: Rs.100

C :Rs.110

Using the formula LTV / TBV , where LTV stands for Lowest Total Bid Value and TBV stands for Total Bid Value, the Committee will give them the following points for financial proposals:

A: $100/120=83$ points

B: $100/100=100$ points

C: $100/110=91$ points

In the combined evaluation, thereafter, the Evaluation Committee will calculate the combined technical and financial score as under:

Proposal A: $75 \times 0.70 + 83 \times 0.30 = 77.4$ points.

Proposal B : $80 \times 0.70 + 100 \times 0.30 = 86$ points

Proposal C: $90 \times 0.70 + 91 \times 0.30 = 90.3$ points.

The three proposals in the combined technical and financial evaluation will be ranked as under:

Proposal A: 77.4 points: H3

Proposal B: 86 points: H2

Proposal C: 90.3 points : H1

Proposal C at the total bid value of Rs.110 will, therefore, be declared as winner and recommended for approval, to the competent authority.

In the event of a tie in the final scores, the agency having the lower financial quote amongst the two would be given preference.
